

bCyberwise

Online safety programmes and resources for 8 to 11 year-olds

Exciting and comprehensive resources for children to learn how to be respectful and safe online and to promote positive cyber citizenship.

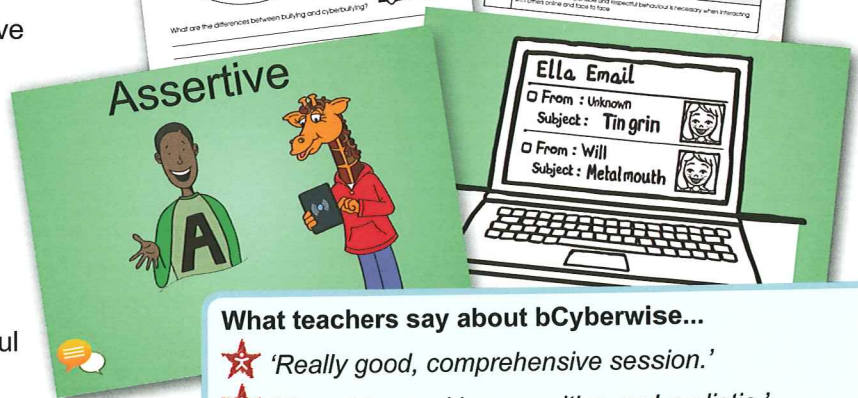

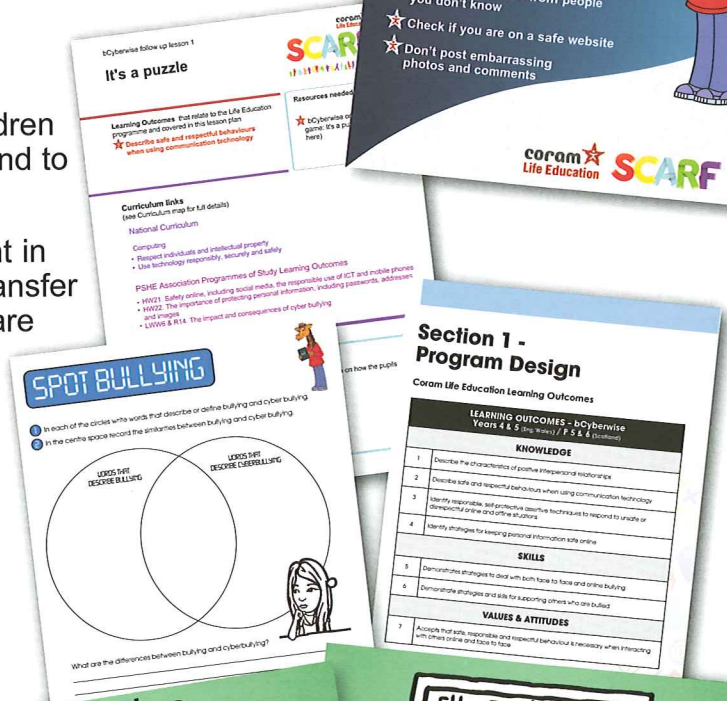

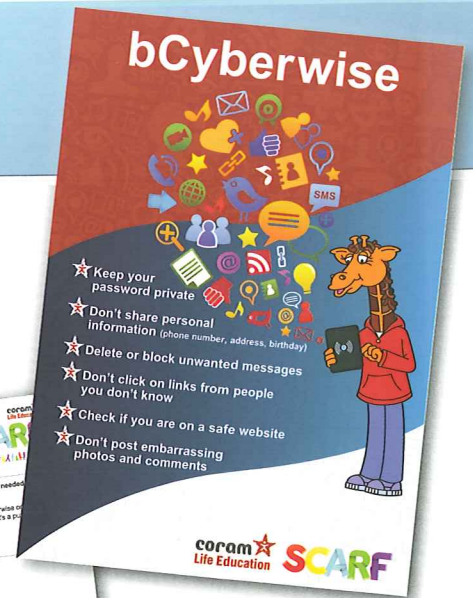

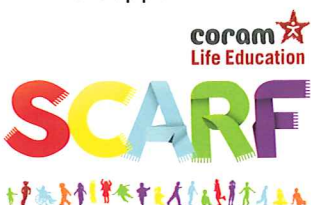

Many of the skills and strategies that are taught in the Coram Life Education core programmes transfer from the real to the 'virtual' world; these skills are developed in the bCyberwise sessions.

Covering **National Curriculum** KS2 Computing requirements relating to internet safety, the bCyberwise Learning Outcomes will enable children to:

- Describe the characteristics of positive interpersonal relationships
- Describe safe and respectful behaviours when using communication technology
- Identify responsible, self-protective assertive techniques to respond to unsafe or disrespectful online and offline situations
- Identify strategies for keeping personal information safe online
- Demonstrate strategies to deal with both face-to-face and online bullying
- Demonstrate strategies and skills for supporting others who are bullied
- Accept that safe, responsible and respectful behaviour is necessary when interacting with others online and face-to-face

bCyberwise resources include:

- Warm-up games and activities
- Drama activities
- Specially made films
- Pre-visit lesson outlines and follow-up lesson plans*
- Interactive, online games to reinforce key messages*
- Pupil activity sheets*
- Comprehensive curriculum mapping tool
- Key safety messages poster to display in school
- Parental involvement elements – information, guidance and support

What teachers say about bCyberwise...

- ★ 'Really good, comprehensive session.'
- ★ 'Thought-provoking, sensitive and realistic.'
- ★ 'Great to have someone coming in to tackle this subject with a range of excellent resources that I'd never manage to gather together.'
- ★ 'The password game gave children time to reflect on their password security and was very personal to them. Made me think about my own passwords too.'
- ★ 'The children loved having some of it related to Harold's friend!'

...and what children say...

- ★ 'This visit really helped me to keep safe online. Thank you!'
- ★ 'I now know not to respond to messages asking for personal details, and I know what to do.'
- ★ 'This lesson means I will change my online behaviour.'
